

Intersec 2012 – Post Show Report

2012 edition held under the patronage of, and officially opened by, H.H. Sheikh Mansoor bin Mohammed bin Rashid Al Maktoum

Altogether, 19,591 trade-only visitors made their way to the Dubai International Convention and Exhibition Centre for the 2012 edition of Intersec – an 18% increase than at the previous event in 2011. There was also an increase of 101 exhibitors showcasing their latest products and innovations meaning the fair featured a total of 909 exhibitors from 52 countries – a near 15% increase on the 2011 edition.

Trade visitors from 106 countries visited the fair, with the top five visitor countries outside the UAE confirmed as Saudi Arabia, Iran, Oman, Kuwait and Pakistan. The top five exhibiting countries were UAE, China, United Kingdom, Germany and the United States. Intersec is the leading regional trade event in the security, safety and fire protection industries servicing the wider Middle East and North Africa region and even further afield.

Apart from the numerous deals being done by key buyers and decision makers from around the Middle East and Central Asia, manufacturers chose Intersec as the stage to launch a raft of new products into the region – the reach and reputation of the event making it a vital part of most companies' promotional campaigns.

We look forward to welcoming you to Intersec 2013!

Intersec 2012 Highlights

The 1st Global Conference on Emergency IV
Dubai, UAE

Intersec Outdoor Demonstrations

Also running alongside Intersec was a growing number of fringe events and features. The 2012 exhibition featured the **3rd edition of the UAE International FireFit Championships** which saw countries from all over the GCC, France, Germany and Canada compete in a range of tasks simulating real to life fire rescue experiences. The championships were held under the patronage of H.H. Sheikh Mansoor bin Mohammed bin Rashid Al Maktoum and also enjoyed the support of Mohammed bin Rashid Establishment for SME Development and Dubai Civil Defence.

The **outdoor demonstration** area which has become an integral feature of Intersec each year included a range of tactical rescue and close combat operations by **FireKraft Austria** as well as interactive scenarios by various exhibitors including **Red Helix, Clucas MoE, Axxon with Chubbsafes** and **Flir**.

Intersec 2012 Conferences

This year's conference series featured the Maritime Security Summit, a Commercial Security Summit and the Fire System Integrity Assurance workshop. Additionally, the 1st Global Network Conference on Emergency Medicine, supported by the European Society for Emergency Medicine (EuSEM) took place parallel to Intersec, targeting those involved with the training of emergency physicians, nurses and technicians.

Intersec 2012 Stand Design Awards

After successfully introducing the Stand Design Awards in 2011 we again rewarded the most successful stand concepts judged by an independent jury.

The winners of 2012:

The judging panel included: KCA International, P&T Group, AK Design, eleven777 Advertising, Helmut Kinzinger

Intersec 2012 Camera Awards

The camera awards were launched to encourage visitors to judge the best performing camera out of the latest CCTV products available in the market. We congratulate **Axis Communications** for getting the most votes!

Intersec Anti-Counterfeit Pavilion – supported by Underwriters Laboratories

Intersec was pleased to launch the Anti-Counterfeit Pavilion together with the Messe Frankfurt against copying campaign!

The fight against counterfeits is an ongoing topic worldwide and Intersec provided exhibitors and visitors with a platform to discuss the latest issues and regulations with industry experts and legal consultants. The pavilion was supported by Underwriters Laboratories, Meyer-Reumann & Partners and Sesam Business Consultants.
